

## Python with Robots Lesson 5 REPL Practice

**Essential Question - How can we use REPL to interact with the CodeBot's Python environment?**

**Complete the REPL practice below.**

Command	Return
<code>check_lines(2500)</code>	
<code>ls.read(0)</code>	
<code>ls.read(1)</code>	
<code>ls.read(2)</code>	
<code>ls.read(3)</code>	
<code>ls.read(4)</code>	

**Now experiment with your own commands below!**

Command	Return
