# Programming Journal

## Vocabulary

| | |
|---|---|
| bug | |
| debugging | |
| CPU | |
| peripheral | |
| RGB | |
| sequential | |
| literal | |
| variable | |
| argument | |
| integer | |
| string | |
| Conversion function | |
| branching | |
| selection | |
| boolean | |
| indentation | |
| readability | |
| comments | |
| analog | |
| digital | |
| Design process | |
| algorithm | |
| flowchart | |
| loop | |
| While loop | |
| Infinite loop | |
| iteration | |
| increment | |

| decrement | |
|-----------|---|
| | |

**Meaningful Notes**

| Things to remember | My own examples |
| --- | --- |
|  |  |
|  |  |
|  |  |
|  |  |
|  |  |
|  |  |

## Debugging Chart

| Error message that is displayed | Example of Actual bug | How you fix it |
| --- | --- | --- |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
