MISSION 4 REMIX LOG

Pre-Mission Preparation

What was something cool about Mission 4?

What was something challenging about Mission 4?

Remix Step 1: Review your code from Mission 4

Mission 4: Display What does this program do?

What programming concepts and skills did you learn and use?

Remix Step 2: Describe what your remix project will do:

Remix Step 3: Plan your code. What variables will you use in the project?

You do not need to fill out every line if you don't need that many variables.

Variable Name	What it will be used for

Image to use	What it will be used for

Remix Step 4: Write your code.

Use the sandbox  when you write the code. Write just a few lines at a time and test often.

Remix Step 5:

Peer Feedback Form

Name of student completing the form: _____

What do you like about the program -- be specific:

Give at least one suggestion. Begin with "What if..." or "Maybe you could..."

Programmer feedback form

What do you like about the program -- be specific:

What do you want to improve, change or add?

Post-Mission Reflection

What did you change in your project after reading the feedback?

What did you learn about working with a partner from this project?
