Example #F

```
00 flist = []
01 count = 0
02 while count < 4:
03     flist.append(0)
04     count = count + 1
05 flist.append(10)
06 flist.append(12)
07 flist[1] = flist[1] + 1
08 flist[3] = flist[3] + len(flist)
09 flist[1] = flist[1] + 1
10 flist.append(flist[4] + flist[5])
11 flist.pop(2)
12 flist[1] = flist[1] + 1
13 flist[0] = flist[3] - flist[1]
14 [1] = flist[1] + 1
15 flist.pop(4)
16 total = 0
17 count = 0
18 while count < len(flist):
19     total = total + flist[count]
20     count = count + 1
```

Answer:
```
Total: 49
Count: 5
[7, 4, 6, 10, 22]
```
